

SPRING SEWING for SUMMER SOARING
April 26, 27 and 28, 2013

The planning for our third **Spring Sewing for Summer Soaring** kite making retreat in Parksville is going well. This year we are very pleased to have **Sharon Musto** from Alberta lead a class. Sharon has won many kite awards both nationally and internationally for both sewing and appliqué.

Returning instructor **Paul Horner** joins Sharon. He has been an instructor each year of our retreat and is well known for his dedication and skill in putting together colorful and striking kites. Paul's project will require no sewing, so those who don't sew can still come to Parksville and leave with a very unique kite. (Details about his project will be announced in early January).
