OR ROKKAKU345@GMAIL.COM

This President's Day Weekend kite making class taught by Rod Beamguard will offer a chance to build the *Not A Peter Lynn* kite, another design by John Freeman.

Standing 8 feet tall and 6 feet wide, this kite makes a statement in the sky! It is a wonderful flyer and can handle almost any wind. Very easy to assemble, this kite will allow an opportunity for appliqué work and a variety of color combinations.
